Instituto Superior de Agronomia

Tapada da Ajuda,
1349-017 Lisboa,
Portugal

The Instituto Superior de Agronomia is located in Lisbon in Tapada da Ajuda (in Calçada of Tapada) between Monsanto and Alcântara (near Largo do Calvário, which is a small square, and by the side of the bridge over the Tagus, called "25th of April"). The main gate is located in Rua Jau (access to pedestrians and cars): open 24 hours a day.

As soon as you enter ISA's main building (see indications below) there will be directions to the venue.

From the airport to the hotel

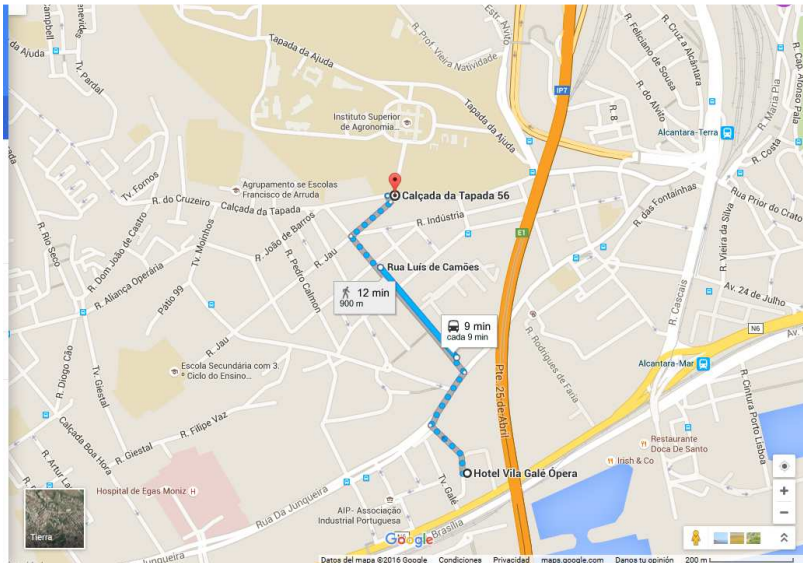

Taking a taxi is faster, a trip from the airport to a city centre hotel cost around 15€.

The cheapest way to reach a hotel located in the city centre is taking the metro or aerobus to Cais Sodr  (see info below). Once in Cais Sodr  if you go to Hotel Vila Gal  Opera you need to take buses 714, 732, 751 or TRAM 15E and stop in front of the Hospital Egaz Moniz which is located around 50 meters from the Hotel Vila Gal  Opera. If you go from Cais Sodr  to York House you may take the bus 714.

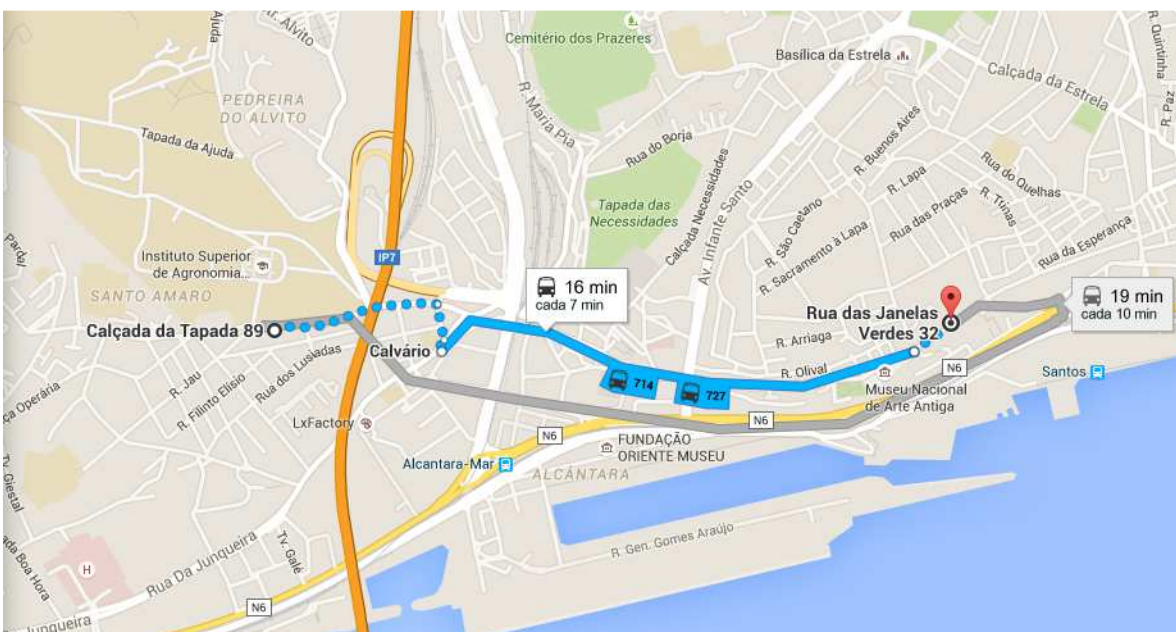

From the hotel to ISA

There is a reasonable number of buses/trams heading to ISA and for this reason I believe it won't be complicated to travel by public transport. I'm providing you with some details in case you choose this option. However if a group of you is coming to ISA from the same hotel you can take a taxi because it won't be that expensive and you'll get off at ISA's main gate instead of having to walk up the hill.

Vila Galé hotel: You may walk from the hotel to ISA (around 9 min walk)

York house hotel: You can take bus 714 or 727 to Calvario and then walk to ISA (or connect to bus 760 or TRAM E18 and stop in front of the main gate of ISA:

Transport Tickets

Carris has a wide variety of transport tickets suitable for its customers' needs, including exclusive or combined solutions with other operators and simpler products for occasional users or more complex for frequent ones.

Carris Tickets - Single Ticket

Single tickets, also known as "on-board fare", are titles designed for occasional customers that can be acquired on all Carris vehicles.

There are 3 types of single tickets:

On-board fare

Valid for a single journey on any route in urban and suburban regular service. Acquired on board our vehicles. Following fares currently in place:

- Bus on-board fare - € 1.80
- Tram on-board fare - 2.85 €
- Lift on-board rafe - € 3.60 (2 trips)

Rechargeable Tickets

Electronic tickets non-contact previously charged on 7 Colinas, Viva Viagem or Lisboa Viva card

7 Colinas and Viva Viagem

The support cards "7Colinas" and "Viva Viagem" have exactly the same purpose and just differ on name and image. These cards were specially designed for less regular customers, allowing them to charge it as they need. The price of the card is 0.5 € and the trip costs 1.25.

Useful info on how to validate your rechargeable ticket:

It's mandatory to validate your Lisboa Viva or 7 Colinas in each entrance in our vehicles.

The ticket is only considered valid and validated if the validation machine shows a **green light**

Each passenger must have his own card charged with a valid transport ticket for the journey he wants to make.

If you travel without a valid transport ticket and the validation machine shows a **red light**, you risk a fine according to the law. Try to repeat the procedure and verify the message that appears in the validation machine. In case the red light persists you should acquire an on board ticket, with the driver of the vehicle.

The transport tickets available to be charged inside the 7 Colinas and Viva Viagem cards are schedules tickets that allow you to do several journeys inside CARRIS according to their validity.

Aerobus and Aeroshuttle

There are 2 options to reach the downtown from the airport. The ticket is purchased inside of the bus and costs € 3.00 but is valid for the entire day in the transports from Carris. The buses are:

91 - AEROBUS (Aeroporto - C. Sodré)

96 - AEROSHUTTLE (Gare do Oriente - Praça de Espanha - Aeroporto)
